POWER OF THE PRESIDENT

At Habitat for Humanity of Monroe County, we pride ourselves on helping our homeowners obtain, not only a home, but strength, stability, and self-reliance. This year, we had to lean on those traits ourselves as 2020 presented challenges that no one could have predicted. The COVID-19 pandemic may have slowed down our program, but through it we were reminded of the power of home. As we sheltered in place for the first half of year, our mission became stronger than ever: **everyone deserves an affordable home.**

Families, both locally and throughout the nation, are now living in an environment of instability and uncertainty. My hope is that we can continue to provide a light of possibility and offer a hand-up to those that need it most. We have the power to help each other, achieve the power of home.

-M. David Graves
President & CEO of Habitat Monroe

POWER OF THE DOLLAR

This year proved to be a challenge, financially, for our affiliate due to the ongoing pandemic. We faced ReStore closures, delays in construction, & a stall in fundraising events. We have relied on the continued support of our generous donors and look forward to future successes.
